

Remuneration statement

This remuneration statement on Raute Corporation's Board of Directors, President and CEO, and Executive Board has been drawn up in compliance with the recommendations given in the Finnish Corporate Governance Code, section 7, issued by the Securities Market Association. The Code is available on the Securities Market Association's website www.cgfinland.fi.

REMUNERATION AT RAUTE

Remuneration consists of three components: the basic salary including fringe benefits, profit- and performance-related remuneration (bonuses), and long-term incentive plans. Depending on the employee's position, different combinations of the above-mentioned elements are applied.

Raute Group's profit-related bonus system includes separate systems for the President and CEO, the Group's Executive Board, key personnel, and the entire personnel. A person can receive bonuses from no more than one system at a time. The Board of Directors annually confirms the general principles, maximum amounts and calculation methods for the remuneration systems.

Payment of bonuses within the bonus systems for the President and CEO, the rest of the Group's Executive Board and key personnel is dependent on the person's performance and task-related personal targets for the entire year. Profit-related bonuses are paid once a year after the Annual General Meeting has confirmed the financial statements.

Payment of bonuses within the bonus system for the rest of the personnel is dependent on the Group's profit and the targets set for the team in question. Profit-related bonuses are paid out for each quarter year provided that the Group has made a positive cumulative profit. The calculation method, amount and the maximum total amount of bonus will be decided on annually by the Board of Directors, and the system will remain in force for one year at a time.

Long-term incentive plans include the share-based incentive plan for 2006–2008 and the 2010 stock option plan.

On March 27, 2009, Raute Corporation transferred, as a stock component of the incentive plan, a total of 18,900 series A shares in the company's possession to the 17 key employees covered by the plan.
