Based on the authorization, the Board may acquire the company's series A shares to be used for the development of the company's capital structure, as consideration for funding or carrying out any acquisitions or other arrangements, or to be otherwise disposed of or cancelled.

The purchase consideration paid for shares purchased by virtue of the authorization shall be based on the price of the series A share in public trading so that the minimum price of acquired shares is the lowest market price quoted in public trading during the term of validity of the authorization and the maximum price, correspondingly, the highest market price quoted in public trading during the term of validity of the authorization.

The authorization includes the right to acquire shares other than in proportion to the holdings of the shareholders. A targeted repurchase of the company's own shares can take place, for example, by acquiring shares in public trading in markets where, according to regulations, the company is permitted to engage in the trade of its own shares. Repurchasing shares in public trading as mentioned above or otherwise in a targeted way, requires that the company has a weighty financial reason to do so.

Series K shares can be converted to series A shares in accordance with Article 3 of Raute Corporation's Articles of Association.

The Board of Directors will decide on the other conditions related to share repurchases.

This authorization shall take the place of the authorization granted by the Annual General Meeting of 16 April 2012 and is effective until the end of the next Annual General Meeting, or at the most for 18 months following the decision of the Annual General Meeting.

The Board of Directors may decide to issue either new shares or company shares held by Raute. The maximum number of shares issued is 400,000 series A shares.

The Board of Directors proposes that the authorization includes the right to deviate from the shareholders' pre-emptive rights, provided that the Company has a weighty financial reason to do so. A targeted issue may be free only if a weighty financial reason exists in terms of the company while also taking into account the interests of all of the shareholders. As proposed, the authorization can be used, with the restrictions

presented above, to fund or carry out acquisitions or other arrangements or for other purposes decided by the Board of Directors. The authorization is effective until the end of the next Annual General Meeting.

The proposal was attached as Appendix 9 to the minutes.
