

Lumber Strength Analyzer - Sonic

Analyzer with an innovative electromagnetic hammer system and weigh bridge scale assembly to improve yield and ease of use.

BENEFITS

- Easy and fast installation and start-up
- Only one operator needed
- Improve production efficiency

TECHNICAL DETAILS

Lumber Strength Analyzer - Sonic

Number of arms parallel / bin	2-6
Lumber Width (in/mm)	2.5 – 11.4 / 64 – 290
Lumber Thickness (in/mm)	0.75 – 4.0 / 19 –102
Lumber Length (ft/m)	4-24 / 1,2-7,3
