Lumber Tension Tester - Offline

Works as the perfect tool for lumber quality control for tension testing.

BENEFITS

- Easy and fast installation and start-up
- Only one operator needed

TECHNICAL DETAILS

	Lumber Tension Tester - Offline
Test material Thickness (in/mm)	1.25 - 2.00 / 32 - 51
Test Gauge Length increments (ft/mm)	1 / 305
Test Machine lengths (ft/mm)	16, 20 / 3 660, 4 877
Maximum Tensile Force (lb /kN)	100,000 / 440
Maximum Tensile Stroke (in/mm)	4 / 102
Test material Width up to (in/mm)	11.75 / 290
Test material minimum length ft/mm)	5 / 1 524
