Veneer Moisture Analyzer R5 - Drying

Analyzer for accurate moisture grading based on the traditional contact brush measuring and optimization features.

BENEFITS

- Improve drying capacity
- Minimize over drying
- Improve veneer quality
- Increase profits

TECHNICAL DETAILS

Veneer thickness (mm)	0.5 – 4.2
Available sizes (ft)	5 - 10
Moisture Range (mc)	5% – 20%
Moisture Accuracy (mc)	±3%
Sensors (pcs)	8 - 16
